

SRI VENKATESWARA INSTITUTE OF MEDICAL SCIENCES; TIRUPATI

**BIOCHEMISTRY CHAIR ORATION
&
CONTINUING MEDICAL EDUCATION PROGRAMME**

CME on “Teacher as facilitator in Competency Based Medical Education”

ORGANIZED BY DEPARTMENT OF BIOCHEMISTRY, SVIMS, TIRUPATI

Date: 08-12-2022

Time: 9:00AM to 5:30PM

Venue:

Sri Padmavathi Auditorium, Sri Venkateswara Institute of Medical Sciences,
Tirupati

INVITATION

Dear Colleagues,

We cordially invite you to participate in the 4th Biochemistry Dr B. Naganna oration and CME program on **“Teacher as facilitator in Competency Based Medical Education”** being organized on **08thDecember, 2022** by the Department of Biochemistry, Sri Venkateswara Institute of Medical Sciences, Tirupati.

The CME includes award of “Biochemistry chair” oration to Dr D. M. Vasudevan, Emeritus Professor of Biochemistry & Associate Dean of Research, Amrita University, Kochi, India for his contribution to the field of Medical Biochemistry.

CME aims to focus on several challenges faced by the teacher as student facilitator, curriculum planner, performance observer and assessor in CBME. The CME will review our current understanding of the novel components of the CBME, and the inherent difficulties at the ground level, with sharing of thoughts and discussing the ways in which CBME can be conducted and to reinforce our knowledge regarding effective implementation of CBME

The participants for the CME will be registered on payment of a registration fees of Rs. 600/- for faculty, Rs. 300/- for Post-graduates and Rs. 100/- for Interns. Delegates will be provided with delegate kit along with the resource material.

**2 credit hours for the CME are allotted by Andhra Pradesh Medical Council
as per letter APMC/CME/174/2022, Dated: 23.11.2022.**

Dr B. Vengamma

Dr Aparna R. Bitla
Organizing chairperson

Dr M. M. Suchitra
Organizing Secretary

THEME OF CME

Teacher as facilitator in competency based medical education

The erstwhile Medical Council of India (MCI), now National Medical Council (NMC) introduced the competency based medical education (CBME) curriculum in 2019. The intent of CBME is redefining the curriculum from teacher-centered learning to student-centered learning. The purpose was to bring about a change in the way the students perceived and connected to their learning by being active participants in their learning process. In this process there is a transition of the teacher's role from that of a transmitter of knowledge to a guide and facilitator. CBME has different modules such as foundation course, early clinical exposure, Attitude, Ethics and Communication (AETCOM), electives, alignment and integration of subjects and longitudinal care with emphasis on skill acquisition through mandatory certification of essential skills in each professional year. Similarly, formative and summative assessments have been designed to achieve the objectives of CBME.

With these objectives in mind, there has been ongoing training sessions of teachers at the nodal and regional centers on CBME. However, it is prudent to appreciate that we as teachers are still in the learner's curve phase, faced by several challenges of donning new educational roles as student facilitator, curriculum planner, performance observer and assessor. The transformation is happening as almost all the components are being implemented, however it is not smooth either due to the multiple roles that the teacher has to play as facilitator, the reluctance to change, need for more training, infrastructure and manpower issues just to name a few. This one-day CME is about reviewing our current understanding of the novel components of the CBME, and the inherent difficulties at the ground level, with sharing of thoughts and discussing the ways in which CBME can be conducted. At the end of the day, it is hoped that this CME will reinforce and enrich our knowledge regarding effective implementation of CBME.

PROGRAMME SCHEDULE

BIOCHEMISTRY CHAIR ORATION AND CME

CME on "Teacher as facilitator in Competency Based Medical Education"

Venue: Sri Padmavathi Auditorium, Sri Venkateswara Institute of Medical Sciences on **08.12.2022.**

8:00AM - 9:00AM	REGISTRATION	
Time line	TOPIC	SPEAKER
09:00AM - 09:45AM	Implementation of AETCOM	Dr P. V. Chalam Prof. of General Surgery, Principal Bhaskar Medical College Yenkapally, Ranga Reddy, Telangana.
9:45AM - 10:00AM	INAUGURATION Award of Dr B. Naganna oration to Dr D. M. Vasudevan, Emeritus Professor of Biochemistry & Associate Dean of Research, Amrita University, Kochi, India.	
10:00AM - 11:30AM	Oration lecture by Dr D. M. Vasudevan On "Competency-based Education in relation to Diabetes Mellitus"	
11:30AM - 11:45AM	TEA BREAK	
11:45AM - 12:15PM	Alignment and Integration	Dr Abhijit Chaudhury Professor Department of Microbiology, SVIMS, Tirupati
12:15PM - 12:45PM	Novel Teaching-Learning methods	Dr M. M. Suchitra Professor Department of Biochemistry, SVIMS, Tirupati
12:45PM - 01:30PM	LUNCH BREAK	
01:30PM - 02:15PM	Assessment of Knowledge (MCQs, LAQs)	Dr D. S. Sujith Kumar Associate Professor Department of Community Medicine, SVIMS, Tirupati
02:15PM - 03:00PM	Assessment of Knowledge (SAQs, Oral Examination)	Dr G. Ravi Prabhu Professor Department of Community Medicine, SVIMS, Tirupati.
03:00PM - 03:15PM	Assessment of Skills (OSPE)	Dr N. Harini Devi Associate Professor Department of Biochemistry, SVIMS, Tirupati.
03:15PM - 04:00PM	Assessment of Skills (OSCE, Long Case, Mini-CEX)	Dr B. Srihari Rao Professor Department of General Surgery, SVIMS, Tirupati
04:00PM - 04:30PM	Assessment of Attitude (Professionalism & Ethics)	Dr V S. Kiranmayi Associate Professor Department of Biochemistry, SVIMS, Tirupati.
04:30PM - 04:45PM	TEA BREAK	
04:45PM - 05:15PM	VALEDICTORY FUNCTION	
05:15PM - 05:30PM	VOTE OF THANKS
