

2.3.1. STUDENT CENTERED TEACHING METHODS

- **Experiential learning**
- **Integrated/Inter-disciplinary learning**
- **Participatory learning**
- **Problem-solving methodologies**
- **Self-directed learning**
- **Patient-centric and Evidence-based learning**
- **The Humanities**
- **Project-based learning**
- **Role play**

SVIMS Univerity

MBBS, B. Sc Nursing , Bachelor of Physiotherapy and paramedical students are involved in various creative learning activities and programmes

SVIMS - Sri Padmavathi Medical College for Women- MBBS

Multidisciplinary learning:

Each set of students has a faculty facilitator, and the students are separated into groups. The students' presentations take the kind of role plays, posters, models, multimedia displays, etc. The projects are scored according to their knowledge, presenting style, group dynamics, and topic. Every student receives a participation certificate in addition to awards for the best projects.

Induction & Skills training: Every participant has the chance to practice the skill on a mannequin and in a simulation while being supervised by a faculty member. Ryle's tube insertion, urinary catheterization, suturing wounds, IV access, injection administration, ECG, ABG, imaging interpretation, lab data interpretation, blood transfusion, and safe practices are a few of the skills taught. In addition, they receive training in communication techniques, case sheet documenting, and prescription writing. In order to make improvements to the orientation program for the following year, input is gathered from both participating faculty members and interns. After moving to their designated posted clinical areas , the interns start their internship training.

Problem-based learning: During the academic year, problem-based learning modules were introduced to MBBS students and undergraduate students studying allied sciences. The right subjects were chosen, and students were informed well in advance of the particulars that needed to be prepared for each topic as well as the methods of assessment. This approach aids in the development of time management, higher order thinking abilities, self-directed learning, and presentation skills.

Simulation training: This teaching-learning method is highly appreciated by our students as they receive hand-on experience on advanced level of competencies.

Early Clinical Exposure and clinical training:

Students recognize the importance of fundamental sciences in patient care, diagnosis, and treatment and use patient experiences as inspiration for learning. And also recognise that professionalism, ethics, and attitude are essential to the doctor-patient interaction and gain insight into the socio-cultural background of illnesses by studying the humanities.

To provide learners with experience in:

(a) Longitudinal patient care, (b) Being part of the health care team, (c) Hands-on care of patients in outpatient and inpatient setting. The student will function as a part of the health care team with the following responsibilities:

- (i) Be part of the unit's outpatient services on admission days,
- (ii) Remain with the admission unit,
- (iii) Be assigned patients admitted during each admission day for whom he/she will undertake responsibility, under the supervision of a senior resident or faculty member,
- (iv) Participate in the unit rounds on its admission day and will present the assigned patients to the supervising physician,
- (v) Follow the patient's progress throughout the hospital stay until discharge,
- (vi) Participate, under supervision, in procedures, surgeries, deliveries etc. of assigned patients
- (vii) Participate in unit rounds on at least one other day of the week excluding the admission day,
- (viii) Discuss ethical and other humanitarian issues during unit rounds,
- (ix) Attend all scheduled classes and educational activities,
- (x) Document his/her observations in a prescribed log book / case record.

Clinical Posting – II MBBS to Final Year: The students will be rotated through clinical postings from 2nd year to final year. The postings include laboratory medicine, community-

based posting. Outpatient/ ambulatory service/in-patient services / Emergency Medicine/ Operation theatres/ Procedural areas in all broad specialities.

Self-Directed Learning: Students encourages shared responsibility in learning with emphasis on knowledge and skill acquisition, assignment and task completion, living experiences, reflection and self-directed learning. Dedicated time for self-directed learning is provided in each subject in every phase.

Electives: Students were posted and exposed to various departments as electives provide opportunities to acquire diverse learning experiences.

Sports and Extracurricular activity: Alloted time for sports and extracurricular activity has been allowed for students to preserve work life balance and prevent burn out.

Case Resolutions are done during Phase I, Phase II and clinical posting also - where a group of students elicit history examine and diagnose patients with various diseases and discuss the management with the faculty allotted to their group.

Mentoring Programme: The mentoring programme has been going on with 127 mentors of which each are allotted with 5-6 mentees. Formal meetings between the mentors and mentees are held on an average of 3-4 per year. The mentor –mentee ratio is approximately 1:6. Three coordinators who are in charge of the mentoring program organises the mentor-mentee meetings and oversees the program.

Periodic academic performance is sent to the mentors. Mentorship log book and googleforms has been introduced which has details of the 5 to 6 mentee students and information to be filled. It has provision for recording the academic performance and the overall performance during the year. It also includes details of the health, research, extracurricular activities of the mentees. The logbook to be maintained by the mentor and to be submitted at the end of the year.

SRI VENKARTESWARA INSTITUTE OF MEDICAL SCIENCES- College of Nursing

In order to deliver program results and course results, various student-centric approaches have been incorporated into the curriculum as mandated by regulatory bodies and in line with student goals.

Experiential learning: Students have laboratory demonstration of procedures followed by return demonstration of the same. Prior to clinical postings all the procedures are completed and a preclinical orientation is organized. The students are involved in observation,

assessment, assisting in diagnostic and therapeutic procedures, meeting the patient care needs both in the inpatient and outpatient departments. All the UG and PG nursing students have hands on experience in the clinical settings with clinical rotations planned as per the INC curriculum.

Integrated/Interdisciplinary learning: Integrated and interdisciplinary learning begins from the first year and includes Applied aspects of Anatomy, Physiology, Sociology & Psychology Biochemistry & Nutrition and Dietetics Health/Nursing Informatics & Technology, Microbiology and Infection Control including Safety, Pharmacology & Pathology and Genetics. Nursing Management & Leadership. Students are involved in practical components of use of informatics and integration of them in the management of patient care activities. The electives offered in nursing include human values, soft skills, personality development, adolescent health, accreditation and practice standards, developmental psychology, menopausal health, health economics, sexuality & health, stress management, job readiness and employability in health care setting

Participatory learning: Students are involved in the organization and participation of diabetic camp, health camps, epilepsy programs, SHE team, pink bus for cancer screening and awareness etc. The events included poster presentation, health talk and a role play by MSc Nursing and BSc Nursing students.

Problem - Solving Methodologies: Clinical Case studies, care notes, clinical presentations, patient care conferences, seminars, symposium are used in applying problem solving methods to patient care and learning organizational management

Self-directed learning: The students have library hours within the curriculum. The students are encouraged to take up course from Hospital information and management system and use ERMED consortium which is a platform used for teaching-learning activities.

Patient-centric and Evidence-based learning: Students of all disciplines have regular clinical postings. Evidence-based learning is provided through clinical audits, quality assessment and clinical trials to make them understand patient care outcomes.

Humanities: Professionalism, Professional Values and Ethics including bioethics are included in the UG and PG curriculum as given by the statutory bodies

Project-based learning: Projects are included in the UG and PG curriculum.

II. INTEGRATED/INTER-DISCIPLINARY LEARNING

SRI VENKATESWARA INSTITUTE OF THE MEDICAL SCIENCES, TIRUPATI
COLLEGE OF NURSING

Date: 21/07/2022

Minutes of The Meeting held on 20/07/2022

In obedience to the instructions issued by the Dean, SVIMS University, the Principal, College of Nursing had convened a meeting with the head of the departments SVIMS – SPMC(W) in the college Council Hall, SVIMS – SPMC(W) on 20/07/2022 between 10 am to 11am. The following members were attended:

VERSITY

-SVI

1. Dr. Sharan B Singh, M, M.D.,
Professor, Principal,
SVIMS-SPMC(W),
2. Dr. Aparna R Bitla,
Professor, HOD,
Dept. of Biochemistry
SVIMS-SPMC(W),
3. Dr. C. Sreekanth,
Professor, HOD,
Dept. of Anatomy
SVIMS-SPMC(W),
4. Dr. B. Venkata Ramana
Assoc. Professor, HOD i/c
Dept. of Microbiology,
SVIMS-SPMC(W),
5. Dr. K. Uma Maheswara Rao
Professor & HOD
Dept. of Pharmacology,
SVIMS-SPMC(W)
6. Sreelekha A,
Assistant Professor,
Dept. of Pathology,
SVIMS-SPMC(W).
For
7. Dr. N. Rukmangada,
Professor & HOD,
Dept. of Pathology
SVIMS-SPMC(W),

Subject: Regarding teaching of non-nursing subjects of I & Year B.Sc (N) curriculum by the SVIMS-SPMC(W) faculty.

- Reference:**
1. S1.No. 6 mentioned in File No. 1-5GCB-CIR/2009-INC, dated: 15th July, 2010
 2. Sl. No. 3 of File No. 1-5/2015-INC, dated: 16th June 2015
 3. Minutes of BOS meeting, CON, dt: 25-06-2021
 4. Agreed agenda in 43rd Academic Senate, dt: 02-05-2022, SVIMS University

Explanation: As per the INC regulations, at least 50% of the non-nursing subjects (Anatomy, Physiology, Microbiology, Biochemistry, Pharmacology, Pathology) should be taught by the nursing teachers. Teachers who are involved in teaching non nursing subjects will be the examiners for the programme. Teaching shall be done by the M.Sc (N) faculty and will be supplemented by the guest faculty who are doctors / PG qualification in the requisite subject. The same pattern was implemented by NTR University.

Discussion: The members suggested

1. To adhere to the Indian Nursing Council regulations for examiners and paper setters related to non-nursing subjects i.e. Anatomy & Physiology, Nutrition & Biochemistry, Microbiology, Psychology, Sociology, Pharmacology, Pathology & Genetics etc.,
2. Since NTRUHS also implemented the same pattern.

Resolution : Agreed

Dr. Sreedha Rani,
Professor / Principal i/c,
College of Nursing.

Distt. Chittoor - 517507 (A.P.)

Subject: - Certificate of Access/Download of articles from e-journals subscribed for ERMED Consortium for the year 2016.

Dear Sir/Madam,

It is our pleasure to inform you that 243 e-journals from 5 foreign publishers subscribed for ERMED Consortium are configured on the static IP submitted by you to enable access/download of the desired articles by the end users of your Medical College/Institute through single gateway - www.ermmed.in. Following firms are the ERMED Consortium Vendors/Agents:

1. M/s. Allied Publishers Private Limited, New Delhi
2. M/s. International Subscription Agency
3. M/s. Total Library Solutions (India) Pvt. Ltd., New Delhi

Representatives of these firms will visit your Medical College/Institute for Users Training and Awareness programme to Access / Download articles from e-journals subscribed for ERMED consortium.

You are requested to kindly co-operate with them and *confirm us on the enclosed proforma/certificate whether you and faculty/research scholars/doctors/students of your Medical College/Institute are able to access 243 e-journals of ERMED Consortium from 5 publishers through customized single gateway www.ermmed.in.*

Please note that, continuation of ERMED Consortium membership of your institute in future depends upon the high usage (access/download of the articles) e-journals at your end.

Yours Sincerely,

(K. P. Singh)
Director, (NML)

III. Workshops/CMEs/Clinical Meetings/ Clinico Pathological Correlation Organized at SVIMS

1.0 Workshop & Conference:

1. The department of pharmacology had organized 3rd Andhra Pradesh Pharmacologists Society Conference (APPSCON-2021) on 19th & 20th November 2021.
2. The department of Pharmacology had organized a workshop on topic: Pharmacovigilance and Reporting of Adverse Drug Reactions on 22nd December 2021.

2.0 Guest Lectures:

1. Department of Biotechnology has organized a guest lecture by Dr Sreedhara R VOLETI, CEO, ASPIRE – Bio NEST School of Life Sciences, University of Hyderabad on topic: Outreach of BIRAC Projects on Innovative and Translational on 2nd January 2021.
2. Department of Psychiatry has organized a guest lecture by Dr M. Ganesh Kumar, Assistant Professor at Sri Padmavathi Auditorium on topic: Stress and Burnout in Medical Professionals and Coping Strategies on 10th June 2021.
3. Department of Radiology has organized a guest lecture by Dr V. Shriram, MBBS, MD, DM, MSc working as consultant Neuroradiologist, KMCH, Coimbatore, Tamil Nadu on topic: Value and Evidence based Neuroimaging in clinical practice on 14th December 2021

3.0 CME Programme:

S.No	Topic	Speakers
1	Depts. of Physiology, Pathology and Forensic Medicine on 30.01.2021	
	Physiology of Large Intestine	Dr N. Sharvani, Associate Professor, Dept. of Physiology, SVIMS, SPMC(W).
	Current Challenges in Colorectal Cancer	Dr M. Alekhya, Assistant Professor, Dept. of Pathology, SVIMS.
	Medico Legal Aspects of Abdominal Injuries	Dr K. Jyothi Prasad, Associate Professor, Dept. of Forensic Medicine, SVIMS, SPMC(W).
2	Depts. of ENT, Ophthalmology and Dentistry on 06.02.2021	
	Computer Vision Syndrome	Dr V. Krishna Murthy, Professor, Dept. of Ophthalmology, SVIMS SPMC(W), Tirupati
	Aerosols in Dentistry	Dr D.S. Madhubabu, Professor, Dept. of Dentistry, SVIMS SPMC(W), Tirupati
	CSF Rhinorrhoea	Dr P. Bhanu Pradeep, Assistant Professor, Dept. of ENT, SVIMS SPMC(W), Tirupati

Annual Report 2021

S.No	Topic	Speakers
3	Depts. of Endocrinology, Biochemistry and Pharmacology on 13.03.2021, Topic: Fundamental Concepts in Thyroidology Revisited	
	Introduction	Dr Aparna Bitla, Professor & HOD, dept. of Biochemistry, SVIMS, Tirupati.
	Biochemistry of thyroid hormones	Dr T. Silpa, Assistant Professor, dept. of Biochemistry, SVIMS, Tirupati.
	Thyroid function tests & their interpretation	Dr V. S. Kiranmayi, Associate Professor, dept. of Biochemistry, SVIMS, Tirupati.
	The effects of drugs on tests of thyroid function	Dr C. Pallavi, Assistant Professor, dept. of Pharmacology, SVIMS-SPMCW, Tirupati.
	Non thyroidal illness syndrome	Dr Avinash Patil, Assistant Professor, dept. of Endocrinology, SVIMS, Tirupati.
	Subclinical Hypothyroidism: to treat or not to treat	Dr A. Sailaja, Endocrinology Consultant, Tirupati.
	Closing remarks	Dr Alok Sachan, Professor & HOD, dept. of Endocrinology, SVIMS, Tirupati.
4	Dept. of Emergency Medicine on 03.04.2021	
	Primary and Secondary Survey in Trauma	Dr Rohith Gupta, Assistant Professor, Dept. of Emergency Medicine, SVIMS, Tirupati
5	Dept. of Clinical Virology on 08.10.2021	
	Project objects and goals	Dr Usha Kalawat, project Nodal Officer, Prof. & Head, Dept. of Clinical Virology, SVIMS
	Rabies in Humans	Dr Alladi Mohan, Dean & Professor & HOD Dept. of Medicine, SVIMS
	Rabies in Animals	Dr D Rani Prameela, Professor and Head, SLDL, SVVU, Tirupati
	National Rabies Control Programme	Dr K. Nagaraj, Professor and Head Dept. of Community Medicine, SVIMS, Tirupati
	Quiz for MBBS Students	
6	Depts. of Anatomy, Surgical Gastroenterology and General Surgery on 06.11.2021, Topic: Stone Diseases of Hepatobiliary System	
	Regional & Applied Anatomy of Biliary Tract	Dr J. Vasudeva Reddy, Professor, Department of Anatomy, SVIMS, SPMC(W).
	Cholelithiasis	Dr Mutheeswaraiyah Y, Professor & HOD, Department of General surgery, SVIMS, SPMC(W).
	Choledocholithiasis	Dr Chandramaliteeswaran C, Associate Professor, Department of Surgical Gastroenterology, SVIMS

Sri Venkateswara Institute of Medical Sciences

S.No	Topic	Speakers
	Hepatolithiasis	Dr Venkatarami Reddy V, Professor & HOD, Department of Surgical Gastroenterology, SVIMS
7	Depts. of Nuclear Medicine and Radiology on 04.12.2021, Topic: Imaging in Parkinsonian Syndrome	
	Structural Imaging in Parkinsonian Syndrome	Dr A.Y. Lakshmi, Professor , Dept. of Radiology, SVIMS
	Imaging the Substantia Nigra in Parkinsonian Syndrome	Dr S. Sarala Professor , Dept. of Radiology, SVIMS
	Role of Nuclear Medicine in Parkinsonian Syndrome	Dr N. Ajit, Senior Resident, Dept. of Nuclear Medicine, SVIMS

Coverage of CME's

A CME was jointly organised by the Depts. of Physiology, Pathology and Forensic Medicine on 30.01.2021 on the topics: Physiology of Large Intestine, Current Challenges in Colorectal Cancer & Medico Legal Aspects of Abdominal Injuries.

A CME was jointly organised by the Depts. of ENT, Ophthalmology and Dentistry on 06.02.2021 On the topics: Computer Vision Syndrome, Aerosols in Dentistry & CSF Rhinorrhoea.

Annual Report 2021

A CME was jointly organised by the Depts. of Endocrinology, Biochemistry and Pharmacology on 13.03.2021 on the topics: Introduction, Biochemistry of thyroid hormones, Thyroid function tests & their interpretation, The effects of drugs on tests of thyroid function, Non thyroidal illness syndrome, Subclinical Hypothyroidism: to treat or not to treat & Closing remarks.

A CME was organised by the Dept. of Clinical Virology on 08.10.2021 on the topic: Project objects and goals, Rabies in Humans, Rabies in Animals & National Rabies Control Programme.

A CME was jointly organised by the Depts. of Anatomy, Surgical Gastroenterology and General Surgery on 06.11.2021, Topic: Stone Diseases of Hepatobiliary System.

A CME was jointly organised by the Depts. of Nuclear Medicine and Radiology on 04.12.2021, Topic: Imaging in Parkinsonian Syndrome.

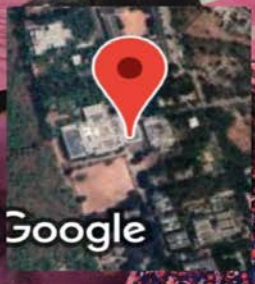

5.0 Clinical Meetings 2021 :

Each department presents the clinical material in the form of a case presentation and recent trends in Medicine during regular academic programmes fixed on every Thursday and Saturday. The programs conducted for the year 2021 are furnished below:

S. No	Date	Research presentation (Saturday)/ Case Presentation (Thursday)			Spotters presentation (Saturday)/ Debate Presentation (Thursday)		
		Topic	Speaker	Department	Topic	Speaker	Department
1	02.01.2021 (Saturday)	Microvascular Complications among patients with type 1 diabetes Mellitus	Dr B.P.Varma	Endocrinology	Spotter	Dr M. Usha Brindhini	OBG
2	07.01.2021 (Thursday)	Constrictive Pericarditis in Juvenile Idiopathic Arthritis, A Rare Extra Articular Manifestation	Dr K. Sirisha	Rheumatology	-	-	-
3	09.01.2021 (Saturday)	Role of cryosurgery in the surgical management of Nasoalveolar cyst	Dr P. Bhanu Pradeep	ENT	Spotter	Dr G.V.V. Prasad Reddy	Surgical Oncology
4	18.01.2021 (Monday)	An Autopsy study of Deaths due to hanging with emphasis on ligature material and penligature injuries	Dr B. Rupesh Kumar NaitK	Forensic Medicine	Spotter	Dr K. Rajiv Gandhi	Medical Oncology
5	21.01.2021 (Thursday)	-	-	-	Role of convalescent plasma in Treating infectious diseases	Dr G. Sandhya	Transfusion Medicine
6	23.01.2021 (Saturday)	Effect of Antecolic or Retro-colic Gastro jejunostomy on delayed gastric emptying after pancreaticoduodenectomy	Dr Lokesh Arora	Surgical GE	Spotter	Dr P. Prabhajan Kumar	Ophthalmology
7	28.01.2021 (Thursday)	Case Presentation	Dr C. Sunil Kumar	Medicine	-	-	-
8	04.02.2021 (Thursday)	-	-	-	Alpha Blockers Monotherapy Vs Alpha Blockers plus Anticholinergics combination therapy in improving the ureteral stent related discomfort	Dr Vaibhao & Dr K. Rakesh Pradeep	Urology

Annual Report 2021

S. No	Date	Research presentation (Saturday)/ Case Presentation (Thursday)			Spotters presentation (Saturday)/ Debate Presentation (Thursday)		
		Topic	Speaker	Department	Topic	Speaker	Department
9	06.02.2021 (Saturday)	A Comparative study between laparoscopic transabdominal preperitoneal repair and Total Extra Peritoneal repair of Inguinal Hernia	Dr Aditya Sarma	General Surgery	Spotter	Dr A. Sreelekha	Pathology
10	11.02.2021 (Thursday)	Anaesthetic Management of Anterior Mediastinal Mass	Dr K. Krishna Priya	Anaesthesiology	-	-	-
11	13.02.2021 (Saturday)	Novel Mutations in Congenital Erythrocytosis Patients	Dr Chandira Sekhar	Haematology	Spotter	Dr G. Ravindra Kumar	Pharmacology
12	18.02.2021 (Thursday)	-	-	-	Anatomy of Inguinal Canal by its applied aspects	Dr I. Vinayaka Naik	Anatomy
13	20.02.2021 (Saturday)	Utility of the Tourniquet test and white blood cell count to Differentiate dengue in patients presenting with acute Undifferentiated fever	Dr S. Lavanya	Medicine	Spotter	Dr G. Swetha Rao	Psychiatry
14	25.02.2021 (Thursday)	-	-	-	Pre Analytical Errors in Estimation of Serum Calcium	Dr M. Keerthi Thej	Biochemistry
15	09.03.2021 (Tuesday)	A Case of paravalvular leak treated with device closure	Dr P.Venkata Harish	Cardiology	-	-	-
16	10.03.2021 (Wednesday)	Needle stick Injury Incidence and its root cause analysis in a tertiary care hospital	Dr K. Vinod	Microbiology	Spotter	M. Hari Priya	Physiology
17	11.03.2021 (Thursday)	Management of post op A V Fistulas, Pseudoaneurysm & Complications Involving Brachial Artery and Cephalic Vein	Dr L. Uday Kumar	General Surgery	C T Surgery	-	-
