**To**

**The Director**

**Dear Madam,**

**Sub:** Reinstallation of KOHA – Library Management Software – reg.

**Ref:** Your letter No.LIB/06/LETT/SVIMS/2014, dated 14-02-2020.

With reference to your letter cited, I visited your institute with my team member Mr. Ramesh on 26-28, February 2020 to reinstall the KOHA LMS at your institute and the following are details:

1. Reinstalled KOHA software in a new computer as the existing IBM server is not functioning.
2. Customized the Online Public Access Catalogue (OPAC) and all modules of the KOHA Software.
3. Upgrade KOHA latest version to 19.03 from 3.11.
4. Migrated entire database to the newly installed KOHA software from old software which we have backup up to August, 2018.
5. Now, The KOHA is working well with all the modules as of now.
6. Also, given training to library staff.

**Suggestions:**

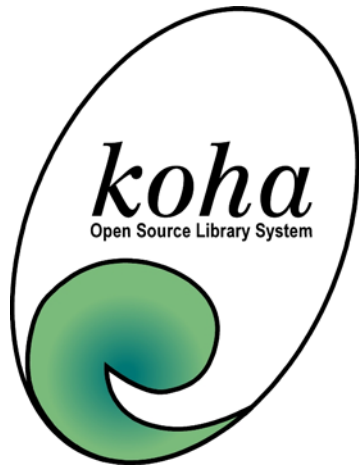

At present digital environment, the library is the most priority feature in NAAC, MCI, NIRF, etc. as the committee members are insisting the institutions to do Library Automation and Digitization under Digital India programme as per Govt. of India norms.

1. It is best to install KOHA software through Cloud Computing Technology to host your Library database as it will avoid the Server problems, electricity problems, database storage problems.
2. One can see SVIMS Library catalogue outside the campus through internet.

We are thankful to your IT department for their co-operation in installing KOHA and also for your kind hospitality.

Yours sincerely

  
(M. R. Murali Prasad)
