COLLEGE OF PHYSIOTHERAPY, SVIMS TIRUPATI

PREAMBLE:

We, the students of the college of physiotherapy, SVIMS university are conscious of the need to establish a high effective, efficient and responsible student council structure. we hereby assume the responsibility to promote professionalism among the students of college of physiotherapy, SVIMS university and within our prospective inter disciplines through the capabilities and aspirations for the student body and resources available to us. Upon this foundation we enact the student council for the college of physiotherapy, SVIMS university.

NAME:

The name of this student body shall be the student council, college of physiotherapy, SVIMS university.

OBJECTIVES:

The objective of the student council, college of physiotherapy, SVIMS university are:

1. To enhance communication between students, management and staff.
2. To promote an environment conducive to educational and personal development.
3. To promote friendship and respect among pupils.
4. To support the management ad staff in the development of the college.
5. To represent the views of the student on the matters of general concern to them.
6. To establish a working rapport with the various departments and colleges within the university in order to utilize their different competencies and to formulate interactions within the institution.

COMMITTEES:

1. Sports
2. Cultural and fine arts
3. Communication
4. NSS
5. Interdepartmental affairs
6. Health and wellness

RESPONSIBILITIES OF THE STUDENT COUNCIL

The functions and activities of a student council should support the objectives of the council and promote the development of the college and welfare of its students. In planning and undertaking activities during the course of the college year, the council should:

Work closely with the management, teacher, and students, consult regularly with students in the college, and involve as many students as possible in the activities of the council

There is a wide range of activities of benefit to the college community with a student council may wish to undertake, some of which are outlined below:

Representing the views of the student body to the college management

This is one of the fundamental aims of every Council. It involves talking and listening to the student body, considering their views and concerns, and discussing these with the college managements on behalf of the students.

Promoting good communications within the college

Improving communication within the college community is a shared responsibility and a Student Council can contribute to this process. Making presentations at staff meetings to keep staff informed of activities, keeping a Student Council notice-board or organizing a regular newsletter is just some way the Council can communicate with the students and staff.

Supporting the educational development and progress of students.

The Student Council can contribute to the learning environment for students in the college by, for example, setting up study groups for students in exam classes or homework clubs, or organizing lunchtime activities such as language clubs.

Contributing to the development of college policy.

The Student Council can actively contribute to the development of college policy in a wide range of areas such as bullying, uniform requirements, behavior code and extra-curricular activities. The Council could form sub- committees to consider individual policy issues.

Assisting in college sporting and cultural activities.

Student Council can assist in organizing and developing sports and cultural activities within the college, including, for example, sports days and drams or musical events.

Assisting with or organizing fund-raising events for charity.

Student Councils can organize events both within the college and involving the wider community, for the purposes of raising money for designated charities.

Bridging with Student Councils in other colleges.

It may be useful for a Student Council to bridge with Student Councils in other colleges, particularly in the organization of sporting and cultural activities and when fund-raising for charity. An existing Student Council could have a useful role in helping and advising a newly formed Student Council in another college.

THE CONSTITUTION OF THE ALLIED HEALTH SCIENCES (AHS)
STUDENT COUNCIL, SVIMS UNIVERSITY

PREAMBLE:

We, the students of the college of Allied Health Sciences, SVIMS University are conscious of the need to establish a highly effective, efficient, and responsible student council structure. We hereby assume the responsibility to promote professionalism among the students of college Allied Health Sciences, SVIMS University and within our prospective inter-disciplines through the capabilities and aspirations for the student body and resources available to us. Upon this foundation we enact the student council for the college Allied Health Sciences, SVIMS University.

NAME:

The name of this student body shall be the Student council, College of Allied Health Sciences, SVIMS University

OBJECTIVES:

The objectives of the Student council, College of Allied Health Sciences, SVIMS University are:

1. To enhance communication between students, management and staff.
2. To promote an environment conducive to educational and personal development

RESPONSIBILITIES OF THE STUDENT COUNCIL

The functions and activities of a Student Council should support the objectives of the Council and promote the development of the college and the welfare of its students. In planning and undertaking activities during the course of the college year, the Council should:

Work closely with the management, teachers and students, Consult regularly with students in the college, and involve as many students as possible in the activities of the Council

There is a wide range of activities of benefit to the college community which a Student Council may wish to undertake, some of which are outlined below:

S.V. INSTITUTE OF MEDICAL SCIENCES
TUMPATI-517 501, A.P., INDIA

Representing the views of the Student body to the college management

This is one of the fundamental aims of every Council. It involves talking and listening to the student body, considering their views and concerns, and discussing these with the college managements on behalf of the students.

Promoting good communications within the college

Improving communication within the college community is a shared responsibility and a Student Council can contribute to this process. Making presentations at staff meetings to keep staff informed of activities, keeping a Student Council notice-board or organizing a regular newsletter is just some way the Council can communicate with the students and staff.

Supporting the educational development and progress of students.

The Student Council can contribute to the learning environment for students in the college by, for example, setting up study groups for students in exam classes or homework clubs, or organizing lunchtime activities such as language clubs.

Contributing to the development of college policy.

The Student Council can actively contribute to the development of college policy in a wide range of areas such as bullying, uniform requirements, behaviour code and extra-curricular activities. The Council could form sub-committees to consider individual policy issues.

Assisting in college sporting and cultural activities.

Student Council can assist in organizing and developing sports and cultural activities within the college, including, for example, sports days and drama or musical events.

Assisting with or organizing fund-raising events for charity.

Student Councils can organize events both within the college and involving the wider community, for the purposes of raising money for designated charities.

SNA UNIT
(STUDENT COUNCIL)

The College of Nursing, SVIMS was established SNA (Students Nurses Association) Unit under the guidance of a senior faculty and Principal. All student councils are linked under SNA which is statutory body in nursing profession.

Objectives

- To help students to uphold the dignity and ideals of the profession for which they are qualifying.
- To promote a corporate spirit among students for common good.
- To furnish Nurses in training with advice in their courses of study leading up to professional qualification.
- To encourage leadership ability and help students to gain a wide knowledge of the Nursing profession in its different branches and aspects.
- To increase the student's social contacts and general knowledge in order to help them take their place in the world when they have finished their training.

To become a member in this unit the student has to Register under the TNAI at state and central levels (New Delhi) after paying the nominal fee of rupees (State:Rs.50, Central: Rs.650). The office bearers namely SNA Vice President, Secretary, Treasurer and student representatives of various committees will be nominated through the process of general body elections every year. The various councils and committees framed in College of Nursing are Health, Mess, Discipline, Sports, Cultural, NSS, Welfare and Placement, Journal & Magazine, Sanitation, Library and Anti-ragging committee etc.

These councils provide flat form for students to exhibit their talent and skills related to communication, interpersonal skills, decision making, problem solving abilities etc., Student welfare council plays an important role in providing guidance to the students at the time of admission process related to academic, social adjustment, scholarship issues etc... It plays a significant role as a bridge between the teachers and students.
